Once the application is processed and approved, the applicant will be considered on probation for a period of one (1) month, after which he will become a full member of this Club provided that all regulations, safety rules and ethics are observed and followed. The Police authorities will only issue a licence to carry the air weapon/s if the Malta Air Rifle/Air Pistol Shooting Club confirms that the applicant can safely handle an air weapon and has satisfactorily complied with the Club's safety regulations.

This membership entitles the applicant to make use of the Air Pistol/Air Rifle shooting range of the Malta Shooting Sport Federation and will not concede the said applicant with full MSSF membership. In that case a separate application will have to be completed.
